RECOMMENDATION : Use this product under the guidance of a physician or qualified doctor only.

## PHILADELPHIA COLLAR

### PRODUCT USABILITY:

- Cervical Immobilization.
- Disc Herniation.
- Spondylolisthesis.
- Cervical fractures.

### HIGHLIGHTS:

- Two-piece design.
- Anatomically designed to stabilize and immobilize the neck / the cervical spine.
- Trachea opening for access during surgery that allows the Endotracheal tube.
- Helps relieve pain and ensures smooth treatment process.

SIZE	INCHES	CM	PRODUCT CODE
Small	3.0-3.5	7.5-8.75	RGPC0001SM
Medium	3.5-4.5	8.75-10	RGPC0001MD
Large	4.0-4.5	10-11.25	RGPC0001LG

### MADE FROM:

- High quality non toxic heat resistance foam.
- Hook & loop closures for proper fitting.
- Waterproof foam.

## CERVICAL PILLOW - PU FOAM

### PRODUCT USABILITY:

- Cervical Spondylosis / Cervical Disc Injury.
- Stiffness of the neck.
- Neck Muscle strain.
- Improper sleeping position.

### HIGHLIGHTS:

- Scientifically designed to support the neck and improve the Cervical support while sleeping.
- Firm density poly urethane foam to provide extra support to the neck muscles.
- PU foam provides rest to the neck muscles and relieves pain.
- Comes with a skin friendly and washable outer cover.

SIZE	PRODUCT CODE
Universal	USCPPU01UN

### MADE FROM:

- High quality skin friendly material.
- High grade PU foam designed to align your head, neck and spine.

## CERVICAL PILLOW - MEMORY FOAM

### PRODUCT USABILITY:

- Cervical Spondylosis / Cervical Disc Injury.
- Stiffness of the neck muscle.
- Improper sleeping position.

### HIGHLIGHTS:

- Scientifically designed to support the neck and improve the Cervical support while sleeping.
- Firm density memory foam to provide extra support to the neck muscles.
- Memory foam adapts to the shape of the user's neck for maximum comfort.
- Comes with high and low contour design to suit different neck shape.

SIZE	PRODUCT CODE
Universal	NOMFP001NO

### MADE FROM:

- High quality skin friendly materials.
- Temperature-sensitive memory foam designed to align your head, neck, and spine, providing you a comfortable sleep.

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## ABDOMINAL BELT

### PRODUCT USABILITY:

- Post-Operative care of the Abdomen muscles.
- Post pregnancy support.
- Can be used for Ventral Hernia.
- Helps in toning the abdominal muscles.

### HIGHLIGHTS:

- Designed scientifically to support the abdomen region.
- Helps the weak abdominal muscles to recover faster.
- Helps relieve pain and ensures smooth treatment process.
- Provides adequate compression to tone up the abdominal muscles.
- Provides therapeutic assistance to the abdomen.

### MADE FROM:

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## SHOULDER IMMOBILIZER

### PRODUCT USABILITY:

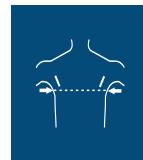

- Scapular Fractures.
- Shoulder Injury / Dislocation.
- Post-Operative shoulder Immobilization.
- Decrease shoulder pain symptoms and improve function.

### HIGHLIGHTS:

- Elastic chest band, humerus and forearm cuff with closure.
- Extra shoulder cuff for perfect immobilization and compression.
- Adjustable / flexible strap to limit the movement at the shoulder joint.
- Buffed inner layer combined with cotton for comfort and coolness.

### MADE FROM:

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## SHOULDER SUPPORT NEOPRENE

### PRODUCT USABILITY:

- Shoulder dislocation / inflammation.
- Rotator cuff injury.
- Shoulder bursitis and tendonitis.
- Post paralysis shoulder support.

### HIGHLIGHTS:

- Scientifically designed to support the shoulder and prevent dislocation.
- Loop elastic technology for easy adjustment and perfect fitting.

### MADE FROM:

- Skin friendly material.
- Durable 4 way stretch fabric for effective compression.
- Neoprene bonded nylon fabric.

## CAST SHOE

### PRODUCT USABILITY:

- For user who has a cast on the leg.
- Used for foot / cast protection.
- Post ligament / soft tissue surgery.

### HIGHLIGHTS:

- Designed to support the foot while walking.
- Prevents the plaster from chipping, cracking or getting dirty.
- Easy adjustable and fits well.
- Light weight and durable.

### MADE FROM:

- High quality EVA foam.
- Cast friendly material.

RECOMMENDATION : Use this product under the guidance of a physician or qualified doctor only.

## KNEE CAP

### PRODUCT USABILITY:

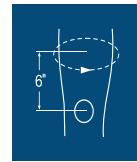

- Osteoporosis / Osteoarthritis.
- Sports injuries.
- Ligament & Muscle injuries.
- Post-operative support.

### HIGHLIGHTS:

- Anatomic design for perfect fit and firm grip.
- Soft buffered inner area for comfort and warmth.
- Improves blood flow to the soft tissue areas around the joint.

### MADE FROM:

- High quality skin friendly elastic materials.
- Breathable and moisture transporting weaving.
- Simple and quick application.

## KNEE CAP WITH OPEN PATELLA

### PRODUCT USABILITY:

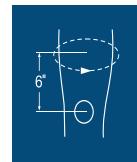

- Osteoporosis / Osteoarthritis.
- Sports injuries.
- Ligament & Muscle injuries.
- Post-operative support for the Patella region.

### HIGHLIGHTS:

- Anatomic design for perfect fit and firm grip.
- High quality four-way elastic fabric for maximum support.
- Soft buffered inner area for comfort and warmth.
- Open Patella design reduces pressure on the Patella region.

### MADE FROM:

- High quality skin friendly elastic materials.
- Breathable and moisture transporting weaving.

## HINGED KNEE CAP

### PRODUCT USABILITY:

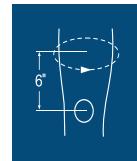

- Osteoporosis / Osteoarthritis.
- Sports injuries.
- Ligament & Muscle injuries.
- Post-operative support.

### HIGHLIGHTS:

- Anatomic design for perfect fit and firm grip.
- Made from high quality four-way elastic fabric for maximum support.
- Aluminum hinges for optimum support and stability to the knee.
- Improves blood flow to the soft tissue areas around the joint.

### MADE FROM:

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## ELASTIC KNEE SUPPORT

### PRODUCT USABILITY:

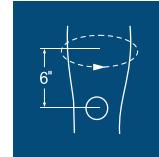

- Osteoarthritis knee.
- Muscle / Ligament tear or injury.
- Preventive support for Knee injuries.
- Stabilize weak ligament and protect the knee muscle.

### HIGHLIGHTS:

- Anatomic design for perfect fit and firm grip.
- High quality Velcro straps to provide with maximum support.
- Loop elastic provides immobilization and stability to the knee.
- Improves blood flow to the soft tissue areas around the joint and the immobilized part.

### MADE FROM:

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## HINGED KNEE WRAP - NEOPRENE

### PRODUCT USABILITY:

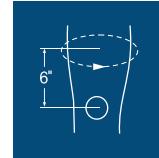

- Osteoarthritis knee.
- Muscle / Ligament tear or injury.
- Preventive support for Knee injuries.
- Stabilize weak ligament and protect the knee muscle.

### HIGHLIGHTS:

- Anatomic design for perfect fit and firm grip.
- High quality Velcro straps and Aluminum adjustable hinges to provide with maximum support.
- Neoprene fabric retains the body heat with equally distributed compression.
- Improves blood flow to the soft tissue areas around the joint and the immobilized part.

### MADE FROM:

- High quality Neoprene and skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## ROM KNEE BRACE

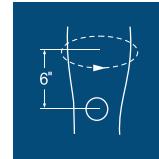

### PRODUCT USABILITY:

- Post operation / Total Knee Replacement.
- Post-surgical knee immobilization.
- Post patella dislocations.
- Post knee surgeries (meniscus/ ligament repair).

### HIGHLIGHTS:

- Economically designed R.O.M. Dial with 0-to-120-degree flexion, 0-to-60-degree hyper extension.
- Provides locking at any angle or motion between any two angles, with intervals of 15 degrees.
- Neoprene liner with silicone coating.
- High cushioning, comfort, light in weight, easy to wear and remove.
- Straps with reverse buckle mechanism.

SIZE	PRODUCT CODE
Universal	USRKB001UN

### MADE FROM:

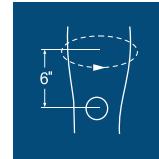

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

## THIGH SUPPORT

### PRODUCT USABILITY:

- Thigh pain.
- Sports injury.
- Prevention of cramps and muscle injury.
- Hamstring sprain.

SIZE	INCHES	CM	PRODUCT CODE
Small	14.8-17.2	37-43	RGTS0001SM
Medium	17.2-19.6	43-49	RGTS0001MD

X-Large	22-24.4	55-61	RGTS0001XL
2X-Large	24.4-26.8	61-67	RGTS000112X

### HIGHLIGHTS:

- Anatomic design for optimum compression to the thigh.
- Supports and reinforces the thigh muscles.
- Uniform compression helps to improve blood circulation and prevent cramps.

### MADE FROM:

- High quality and skin friendly elastic materials.
- Breathable and moisture transporting weaving.
- Tapered four-way elasticized fabric.

## PATELLAR SUPPORT

### PRODUCT USABILITY:

- Pain associated with Patellar tendonitis.
- Mild instabilities of the knee joint / runner's knee.
- Osgood Schlatter disease.
- Patellar tendinitis and arthritis.

SIZE	PRODUCT CODE
Universal	USPS00001UN

### HIGHLIGHTS:

- Scientifically designed to offload pressure on the patellar and reduce pain.
- Provides enhanced proprioception for promoting blood circulation and healing.
- Customized compression material for maximum comfort.

### MADE FROM:

- High quality skin friendly elastic materials.
- Hook & loop closures for proper fitting.
- Breathable and moisture transporting weaving.

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## CALF SUPPORT

### PRODUCT USABILITY:

- Calf pain.
- Sports injury.
- Prevention of cramps.

### HIGHLIGHTS:

- Anatomic design for optimum compression to the calf muscles.
- Supports and reinforces the calf.
- Uniform compression helps to improve blood circulation and prevent cramps.
- High quality Velcro straps to provide maximum support.

- High quality skin friendly material.
- Breathable and moisture transporting weaving.
- Sturdy tapered 4-way elasticized fabric.

RECOMMENDATION : Use this product under the guidance of a physician or qualified doctor only.

## FINGER COT

### PRODUCT USABILITY:

- Post-surgery of the finger.
- Deformity of the finger.
- Minor fracture.
- Tendon injury of the finger.

### HIGHLIGHTS:

- Scientifically designed to immobilize and protect the finger after surgery.
- Special U-shaped design for easy application and comfortable fitting.
- Foam padded on the inner side for cushioning and enhanced comfort.

SIZE	INCHES	CM	PRODUCT CODE
Small	< 2	< 5	RGFC0001SM
Medium	2-3	5-7.5	RGFC0001MD
Large	3-4	7.5-10	RGFC0001LG

### MADE FROM:

- High quality skin friendly material.
- Malleable aluminium to provide perfect support to the healing finger.

## FROG SPLINT

### PRODUCT USABILITY:

- Post-surgery of the finger.
- Deformity of the finger.
- Minor fracture.
- Tendon injury of the finger.

### HIGHLIGHTS:

- Scientifically designed to immobilize and protect the finger after surgery.
- Special U-shaped design for easy application and comfortable fitting.
- Foam padded on the inner side for cushioning and enhanced comfort.

Small	< 2	< 5	RGFC0001SM
Medium	2-3	5-7.5	RGFC0001MD
Large	3-4	7.5-10	RGFC0001LG

### MADE FROM:

- High quality skin friendly material.
- Malleable aluminium to provide perfect support to the healing finger.

## MALLET FINGER SPLIT

### PRODUCT USABILITY:

- Deformity of the finger.
- Drooped finger.
- Rheumatoid Arthritis.
- Tendon injury of the finger.

### HIGHLIGHTS:

- Anatomically designed to immobilize and protect the finger joint to prevent deformity.
- Scientific design for easy application and comfortable fitting.
- Velcro straps for locking.

SIZE	INCHES	CM	PRODUCT CODE
Universal	< 2-4	< 5-10	USMFS001UN

### MADE FROM:

- Coated lightweight aluminum body.
- Ethafoam lining for cushioning.
- Inbuilt hook loop fasteners.

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## FINGER EXTENSION SPLIT

### PRODUCT USABILITY:

- Provides support to the injured / deformed fingers.
- Stabilizes and immobilizes the joints of the finger.
- Protection of finger in fracture postoperative care.
- Sprains, bruises, cuts, and scrapes of fingers.

### HIGHLIGHTS:

- Anatomically designed to immobilize and protect the finger.
- Special U-shaped design for easy application and comfortable fitting.
- Foam padded on the inner side for high cushioning and enhanced comfort.

Small	< 2	< 5	RGFES001SM
Medium	2-3	5-7.5	RGFES001MD
Large	3-4	7.5-10	RGFES001LG

### MADE FROM:

- Flexible aluminium to mould to your hand and support the healing finger.

## THUMB SPICA SPLINT

### PRODUCT USABILITY:

- Non-surgical management of thumb injuries
- Ligament laxity of the thumb
- Bursitis /Sprains of thumb
- Soft tissue injuries

### HIGHLIGHTS:

- Scientifically designed to immobilize and protect the thumb.
- A rigid support to lock the thumb in the resting position.
- Malleable splint is provided to put the thumb in abduction position.

SIZE	INCHES	CM	PRODUCT CODE
Universal	5-9.5	12.5-23.8	USTSS001UN

### MADE FROM:

- High quality skin friendly material.
- Comfortable and durable.

## WEIGHT CUFF

### PRODUCT USABILITY:

- Strengthening of muscles and joints.
- Physical therapy rehabilitation.
- Endurance and balance training.
- Sports specific training.

SIZE	WEIGHT	PRODUCT CODE
Universal	1/2 Kg.	WTWCH001HK
Universal	1 Kg.	WTWCH0011K
Universal	2 Kg.	WTWCH002HK

### HIGHLIGHTS:

- Helps to perform progressive muscle strengthening.
- Useful for functional training exercises.
- Reverse buckle locking with hook and loop closure for easy adjustment and secure fitting.

### MADE FROM:

- Skin friendly fabric.
- Tiny metal ball bearings.

RECOMMENDATION : Use this product under the guidance of a physician or qualified doctor only.

## TOE SEPARATOR

### PRODUCT USABILITY:

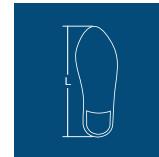

- Varicose Veins.
- Spider Veins.
- Inflammation of the veins.
- Tired, aching or swollen legs.

### HIGHLIGHTS:

- Seamless stockings, extending from knee to ankle.
- The knitted stockings provide comfortable, uniform compression.
- Provides adequate compression for pain relief.
- Improves blood flow and reduces oedema.

### MADE FROM:

- Skin friendly material to provide adequate air ventilation and breathability.
- Durable 4 way stretch fabric with superior spandex for effective compression.

SIZE	INCHES	CM	PRODUCT CODE

### MADE FROM:

- Skin friendly silicone material.

## METATARSAL PAD

### PRODUCT USABILITY:

- Perfect support for collapsed transverse arch.
- Painful metatarsalgia
- Redistribution of metatarsal pressure

### HIGHLIGHTS:

- Soft silicone to relieve pressure and pain on the metatarsals.
- Prevents friction and provides support to the arch.
- Fits well with foot contours.

SIZE	PRODUCT CODE
Universal	CUMEP001UN

### MADE FROM:

- Skin friendly silicone material.

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## HEEL CUSHION

### PRODUCT USABILITY:

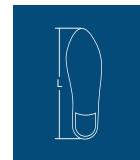

- Heel pain.
- Calcaneal spurs.
- Plantar fasciitis.
- Ankle, knee and feet pain.

### HIGHLIGHTS:

- Provides shock absorption and reduces pressure on the heel while walking or standing.
- Designed to reduce stress on the joints and the spine.
- Comfortable in any shoe.

### MADE FROM:

- Silicone material which retains the shape and reduces impact on the heel.
- Soft blue gel provides shock absorption and reduces the pressure on the heel.

SIZE	INCHES	CM	PRODUCT CODE

### MADE FROM:

- Silicone material which retains the shape and reduces impact on the feet.
- Soft blue gel provides shock absorption and reduces the pressure on the feet.

## BUNION SPLINT

### PRODUCT USABILITY:

- Bunion deformity.
- Deformity of the big toe.
- Rheumatoid Arthritis.

### HIGHLIGHTS:

- Helps in correction and prevention of big toe deformity.
- Prevents progression of the deformity.
- Movable hinge for ease of movement.
- Padding provided for comfort and support.

SIZE	PRODUCT CODE
Universal	USBUS001UN

RECOMMENDATION : Use this product under the guidance of a physician or qualified doctor only.

## GEL EXERCISE BALL

### PRODUCT USABILITY:

- Stress reliever.
- Hand and finger strengthening exercises.
- Physical therapy rehabilitation.

### HIGHLIGHTS:

- Keeps fingers and hand muscles strong and gives relief from wrist pain and finger pain.
- Reduces stiffness and improves strength in fingers and thumb.
- Relieves stress and tension in wrist and hands.
- Increase circulation in wrist and hands and improves flexibility.

### MADE FROM:

- Long lasting and durable gel material.

RESISTANCE LEVEL	PRODUCT CODE
Soft	SFGBS001SM
Medium	SFGBS001MD
Hard	SFGBS001LG

## COOL EYE PACK

### PRODUCT USABILITY:

- Puffy eyes.
- Dark circles around the eyes.
- Pain in the eyes.

### HIGHLIGHTS:

- Provides relief from pain and dark circles around the eyes.
- A cooling solution to relieve pain and reduce soreness around the eyes.
- Easy to use, portable and an effective aid for healthy eyes.

SIZE	PRODUCT CODE
Universal	USCEP001UN

### MADE FROM:

- Place the gel pack in the refrigerator for 30 mins.
- Once the gel is cool enough, place over the eyes.

## HOT & COLD PACK

### PRODUCT USABILITY:

#### Cold Therapy:

- Store in the freezer so that the pack is ready to use in case of injury. Approximately 1 hour is required for the gel to freeze before application. Remove and wrap the pack in a dry towel. Apply on effected area.
- When used as an ice pack it reduces muscle pain / spasms, swelling and or bruising after any type of trauma, fever, dental procedure or insect bite. It is best used in the first 48 hours when applied upon the affected area to reduce swelling around the injury.
- Ice treatment may also be used for chronic conditions before activity.

pain, chronic injuries or injuries with no inflammation. It can help to reduce muscle spasms, relieve pain, elevate blood flow and boost metabolism.

- Avoid the use of heat treatment if the injury shows signs of swelling as the application of heat can promote unwanted blood flow to the injured area.

### PRODUCT CARE:

- Whether used hot or cold it is advisable to check the temperature to protect your skin. It should not be too hot or too cold.
- It is recommended that the gel pack is wrapped in cotton cloth before using it. If the gel which is inside the pack is exposed to the skin or eyes flush with water immediately. If irritation or redness persists, consult your physician.
- Keep this product away from Children.
- For External Use Only.
- Do not use if punctured or leaked.

SIZE	PRODUCT CODE
Universal	MHHCP1

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## PELVIC TRACTION KIT - WITH WEIGHT BAG

### PRODUCT USABILITY:

- Chronic low back pain.
- Vertebral fractures.
- Prolapsed intervertebral disc.
- Sciatica.

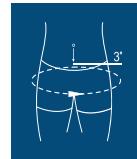

### HIGHLIGHTS:

- Provides uniform traction to the lumbar / pelvic region.
- Relieves pressure and pain from the spinal area.
- Scientifically designed to immobilise and support the spine.

### MADE FROM:

- Ergonomic design and materials.
- Sturdy design for a long life and multiple use.
- Large hook loop that provides customized compression and flexibility in sizing.
- Oblique traction straps ensure the vector of the fractional force on to the LS vertebrae.

SIZE	INCHES	CM	PRODUCT CODE
Small	32-36	80-90	RGPTK001SM
Medium	36-40	90-100	RGPTK001MD
Large	40-44	100-110	RGPTK001LG
X-Large	44-48	110-120	RGPTK001XL
2X-Large	48-52	120-130	RGPTK0012X

## LEG TRACTION BRACE

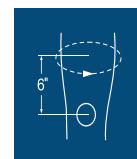

### PRODUCT USABILITY:

- Maintaining alignment of extremities after fractures.
- Below knee traction.
- Immobilization of septic joints after surgery or injury.
- Relief of muscle spasm in low back pain.

### HIGHLIGHTS:

- Maintains the alignment of bones after a traumatic injury.
- Provides below knee traction to limbs after injury / surgery.
- Elasticated long restraint bandage provides firm fixation to all sides of limb.

SIZE	INCHES	CM	PRODUCT CODE
Small	9.8-11.3	25-29	RGLTK001SM
Medium	11.3-12.8	29-33	RGLTK001MD
Large	12.8-14.3	33-36	RGLTK001LG
X-Large	14.3-15.8	36-40	RGLTK001XL

### MADE FROM:

- High quality skin friendly material.
- Sets of hook & loop buckle closures with additional locking mechanism to ensure a secure fit.
- Heavy duty straps with metal rings enable easy attachment to the traction system.

## SKIN TRACTION - PUF LINER

### PRODUCT USABILITY:

- Maintaining alignment of extremities after fractures.
- Below knee traction.
- Immobilization of septic joints after surgery or injury.
- Relief of muscle spasm in low back pain.

### HIGHLIGHTS:

- Maintains the alignment of bones after a traumatic injury.
- Provides below knee traction to limbs after injury & surgery.
- The skin traction strips provide maximum aeration to the skin while securely holding its centre extremity to the spreader at the foot end.
- Elasticated long restraint bandage provides firm fixation to all sides of limb.
- No skin peeling and damage to the skin.

SIZE	INCHES	CM	PRODUCT CODE
Child	< 12	< 30	ACSTK001CH
Adult	> 12	> 30	ACSTK001CH

### MADE FROM:

- High Quality skin friendly material.
- Inbuilt cord, quick to apply, inner foam liner.
- High-performance crepe bandage for extra secure holding.

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## CERVICAL TRACTION KIT

### PRODUCT USABILITY:

- Cervical spondylitis.
- Cervical disc disease.
- Fractures of cervical spine.
- Mechanical stress due to poor posture.

### HIGHLIGHTS:

- Designed to be fitted on the top of any bed, having width from 25mm to 50mm.
- Two chin holding pads connected with cord loops, holds the chin and the occipital area of skull.
- Designed to hold the two loops of cord coming out of two sides of the head halter.
- Smooth surface design minimizes traction loss due to friction.
- Two cords from head halter hooks into the slots in the spreader bar.
- Overhead pulley that can be hanged over a door, bed, or wall.

SIZE	PRODUCT CODE
Universal	USCTK001UN

## BACK REST

### PRODUCT USABILITY:

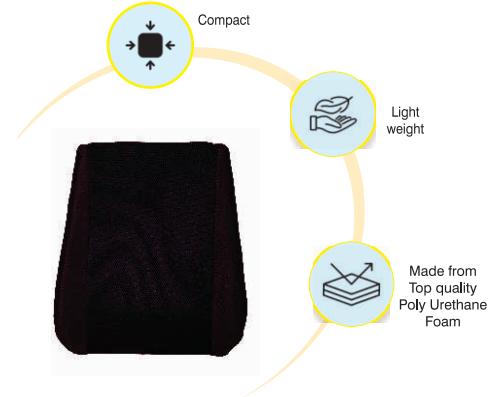

- To prevent back pain.
- For those who sit for long hours.
- Can be used for long drive.
- Post Injury Pain / Poor Posture.

### HIGHLIGHTS:

- Anatomically designed to improve posture and provide relief from back pain.
- Helps to maintain the curvature of the lower spine.
- Exceptionally compact, lightweight & can be used on any chair.

### MADE FROM:

- Skin friendly and comfortable fabric.
- Top quality cushion for durability.

SIZE	PRODUCT CODE
Universal	USBAR001UN

## COCCYX CUSHION

### PRODUCT USABILITY:

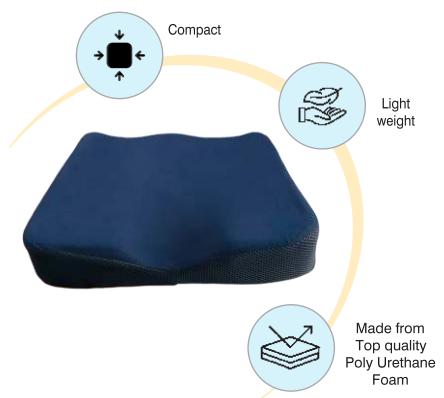

- Pilonidal cyst / Coccyx fracture.
- Tail bone pain.
- Pain due to piles.
- Bed sores / Pressure sores.

### HIGHLIGHTS:

- High density premium foam features a U-shaped cutout that gently suspends your tailbone to relieve pressure on your spinal cord.
- Contoured to improve posture and help you maintain an ideal cervical curve to increase blood flow.
- Promotes healing and recovery from herniated discs, tailbone injuries, sciatica, and other lower back and pelvic problems.
- The durable foam cushion is hypo allergic, making it a desirable choice for allergy sufferers.

### MADE FROM:

- High density Non allergic PU foam.

SIZE	PRODUCT CODE
Universal	USCOCU01UN

**RECOMMENDATION :** Use this product under the guidance of a physician or qualified doctor only.

## TOURNIQUET

### PRODUCT USABILITY:

- Stop continuous bleeding.
- Prevent limb injury.
- Control the circulation to an extremity for a period.

SIZE  
Universal

PRODUCT CODE  
RUSTOU001UN

### HIGHLIGHTS:

- Unbreakable polypropylene buckle.
- Constructed with durable hook loop tape.
- Soft foam on inner side.

## ROUND RING PILLOW

### PRODUCT USABILITY:

- Tail bone pain.
- Coccyx fracture.
- Pain due to piles.
- Bed sores.

### HIGHLIGHTS:

- Helps relieve the pressure from sores or piles.
- The O ring shape provides comfort to the tail bone while sitting.
- Anatomically designed to avoid discomfort to the coccyx.
- Portable and simple to use.

SIZE  
Universal

PRODUCT CODE  
USRRP001UN

### MADE FROM:

- One piece puncture proof moulded foam.

## NECK PILLOW / TRAVEL PILLOW

### PRODUCT USABILITY:

- Support to the neck while travelling.
- Avoid Neck pain.
- Cervical support

### HIGHLIGHTS:

- Designed to assist and improve the cervical support
- Firm density memory foam to provide maximum comfort

SIZE  
Universal

PRODUCT CODE  
USTRNP01UN

### MADE FROM:

- High quality skin friendly material.
- Temperature sensitive memory foam.

## BLOOD PRESSURE MONITOR-PREMIUM

Product Code : BPDLX01

### Specifications :

Measuring range:	Pressure: 0 to 280 mmHg (in 1 mmHg increment) Pulse: 40 to 199 beat/minute
Static accuracy:	Pressure: $\pm 3$ mmHg Pulse: $\pm 5\%$ of reading
Measuring resolution:	1mmHg
Rated Power:	input AC200V-50/60Hz Output DC6V
Operation temperature:	5~40°C/41~104°F
Operation humidity:	15%~85%RH maximum
Storage temperature:	-20~+55°C/-4~+131°F
Storage humidity:	10%~95%RH maximum
Dimensions:	173x91x49±1.0 mm
Weight:	420g±5g (including batteries and cuff)
Cuff pressure display range:	0~290mmHg/0~38.7kPa

## BLOOD PRESSURE MONITOR - DELUXE

Product Code : BPEC001 / BP866A

### Specifications :

Measurement Procedure	: Oscillometric, corresponding to Korotkoff method: Phase I: systolic, Phase V: diastolic
Display	: Digital display
Measuring range	: Pressure: 30 to 280 mmHg (in 1 mmHg increment)
Pulse	: 40 to 199 beat/minute
Static accuracy	: $\pm 3$ mmHg / Pulse: $\pm 5\%$ of reading
Measuring resolution	: 1mmHg
Inflation	: Automatic inflation by internal pump
Memory function	: 2 x 120 memories for 2 users (SYS, DIA, Pulse)
Decompression	: Constant exhaust valve system
Power source	: 4- size "AA" alkaline Batteries
Operation temperature	: 5~40°C/41~104°F
Operation humidity	: 15%~85%RH maximum
Storage temperature	: -10~55°C/14~131°F
Storage humidity	: 10%~95%RH maximum
Dimensions	: 120x80x38 mm
Weight	: 451g±5g (including batteries and cuff)
Cuff pressure display range	: 0~290mmHg
Electrical shock protection	: Internal power unit
Safety classifications	: Type BF equipment
Mode of operation	: Continuous operation
Protection against ingress of water	: IP22
Accessories	: M-L Size cuff, 4 "AA" batteries, instruction manual.

## HEPA NEBULIZER

Product Code : MQNBZ01

**Dual Flow**  
(Suitable for all age groups)

**Special HEPA Filter**

### Specifications :

- Efficient delivery of medication
- High nebulization rate ensures optimized treatment
- Easy to operate
- Compact and travel convenient
- Minimal outside environment contamination

Particles less than 5  $\mu\text{m}$

Four air Purification

Less than 55 dB

Easy to Carry

LED Technology

1 year warranty

## NEBULIZER - ULTRA

Product Code : MQNBZ02

Particles less than 5  $\mu\text{m}$

Less than 55 dB

Easy to carry

### Specifications

- Input Voltage AC 220V 50Hz
- Input Power  $\leq 180\text{W}$
- Max. Nebulization Rate  $\geq 0.18\text{ml/min}$
- Medication Capacity Max 8ml
- Weight 1.3KG
- Dimension 175mm(L)\*90mm(W)\*135mm(H)
- Air flow  $\geq 10\text{L/min}$
- Particle Size  $\varnothing \leq 5\mu\text{m} > 60\%$
- MMAD 2.2 $\mu\text{m}$  +/- 25%
- Continuous mode 3 – 4 hours
- Sound Level  $\leq 65\text{ dB(A)}$
- Storage Temperature - 10°C to + 40°C
- Operating Humidity Range 30%RH-80%RH
- Standard Accessories Nebulizer, Air tube, Mouth piece, Filter & 2 Masks

## COMPACT NEBULIZER

Product Code : MQNBZ03

Particles  
less than  
5 $\mu\text{m}$

Less than  
55dB

Easy to  
Carry

\* Terms & Conditions apply

### Specifications

- **Electric Nebulizer Machine:** Compressor Nebulizer Machine
- **Motor:** Piston Compressor Motor with 25mm Copper binding
- **Particle Size:** < 0.5 um ( $\mu\text{m}$ )
- **Sound:** 50-55 dB
- **Standards and Safety Certificates:** ISO 13485:2016 Certified, WHO-GMPCertified, FDA / CE; ISO 27427-2010.
- **Weight (lbs, kg) / Design:** <2kg and design shall be handy and Portable.
- **Medication Cup:** Shall be scaled for 2-6 ml medication
- **Storage conditions:** Temperature range when in use: from 5°C to 40°C. 15% to 90% RH.
- **Storage and transport conditions:** - 20°C to 60°C. 10% to 95% RH.
- **Electric Cable:** ISI certified 1.5 meter long. Plug shall be so designed to save from any shock while plugging in.
- **Accessories:** Compressor Nebulizer Machine, Adult mask, Child Mask, Mouthpiece, Medicine Cup, Filter (8pcs), Air Tube, Warranty Card, and Pouch,
- **Nebulizer Mask with Tubing:** shall be free from any kind of odour, made of clear, Non-toxic PVC, medium concentration, adjustable nose clip & non-autoclave
- **Tube Length:** 2-meter; Nebulization rate: 3cc / 10 mins.

**MEDICAL AIR MATTRESS**

Product Code : MQAMT01

<b>PUMP</b>
Power supply: 220V / 50Hz
Air out capacity: 5Liter / Min
Cycle time: 11 -12mins
Pressure Range: 30 - 100mmHg
Power consumption: 7W
Fuse: 1A
Dimension (L*W*H) in cm 25*13*9.5
Weight: 0.9kg

<b>MATTRESS</b>
Type: Bubble
Dimension(L*W*H) in cm: 293*85*7
Number of cells: 100
Flap length: 80cm.
Cell height: 7cm
Material: Medical grade PVC
Repair kit: Included
Weight bearing capacity: 120kilos
Weight: 1.54kg

**Specifications :**

- High quality Medical Grade mattress
- Quiet compressor
- 120 kg weight bearing capacity
- Light Weight motor
- 100 cells

**TUBULAR AIR MATTRESS**

Product Code : MQAMT02

<b>PUMP</b>
Power supply: 220V/50Hz
Air out capacity: 5Liter / Min
Cycle time: 11 - 12mins
Pressure Range: 30 - 100mmHg
Power consumption: 7W
Fuse: 1A
Dimension (L*W*H) in cm 25*13*9.5
Weight: 0.9kg

<b>MATTRESS</b>
Type: Tubular
Dimension(L*W*H) in cm: 2100*100*9
Number of cells: 20
Flap length: 84cm,
Cell height: 9cm
Material: Medical grade PVC
Repair kit: Included
Weight bearing capacity: 135kilos
Weight: 3.15kg

**Specifications :**

- High quality Medical Grade mattress
- Quiet compressor
- 135 kg weight bearing capacity
- Light Weight motor
- 20 cells

## PULSE OXIMETER

Product Code : MQPOM01

## PORTABLE PHLEGM SUCTION UNIT

Product Code : MFPSM01

### Specifications :

- Tough exterior
- High accuracy
- Perfusion index (PI)
- Low battery indicator
- Automatic Power off
- PR waveform display
- Four way display screen
- OLED display
- Programable settings of Alarms

### Specifications :

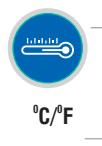

- Voltage: 220V 50HZ
- Power: 90VA
- Max negative pressure value: ≥0.075MPa
- Pumping rate: ≥18L/min
- Reservoir volume: ≥1000mL
- Oil-free piston pump
- Plastic panel to avoid water erosion.
- Overflow valve to prevent liquid from flowing into pump
- Adjustable negative pressure
- Light weight & easy to carry

## DIGITAL THERMOMETER

Product Code : MEDTM01

CE 0598

### Convenient

Easy to read, LCD display.  
Beeping sound lets you know when measurement is completed.

### Quick

Takes 20 seconds or less to measure body temperature. Can be used in oral cavity rectum and armpit

### Accuracy

+0.1 Degrees °C

Range of Measurement  
32.0 Degree °C 42.9 Degree °C

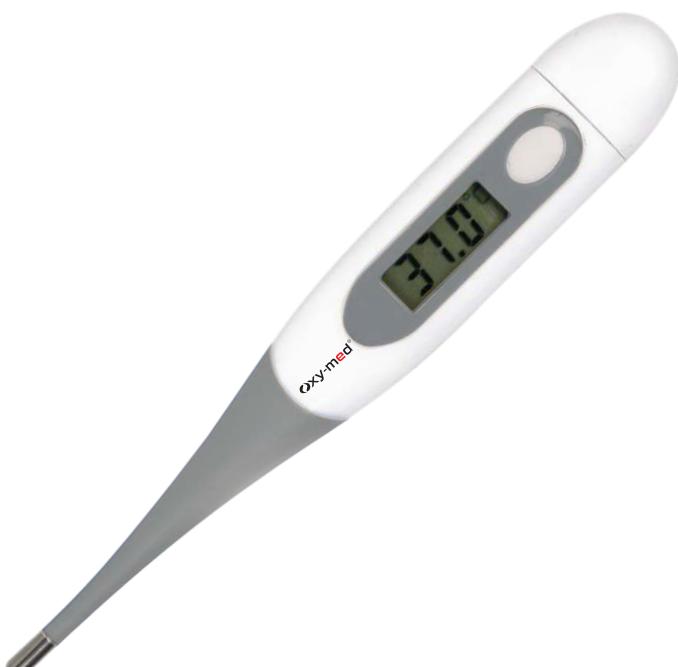

\*Terms & Conditions apply

**Oxy-med®**

## DIGITAL WEIGHING MACHINE - B58

Product Code : OFWB58

**Features**

- Power Supply: 4x1.5V AAA batteries
- 6mm tempered safety glass platform
- Display Type: LED
- Unit: kg/lb/st
- Power: 3 x1.5V AAA batteries
- Capacity: 180kg
- Certificate: CE &RoHS
- Feature: Low battery/over load indication

**1**  
Year Warranty\*

\*Terms &amp; Conditions apply

## DIGITAL WEIGHING MACHINE - B50

Product Code : OFWB50

**Features**

- Power Supply: 4x1.5V AAA batteries
- 6mm tempered safety glass platform
- Display Type: LED
- Unit: kg/lb/st
- Power: 4x1.5V AAA batteries
- Product size: 351x310x30mm
- Capacity: 200 kg
- Certificate: CE &RoHS
- Feature: Low battery/over load indication

**1**  
Year Warranty\*

\*Terms &amp; Conditions apply

## DIGITAL WEIGHING MACHINE - B46

Product Code : OFWB46

**Features**

- Power Supply: 4x1.5V AAA batteries
- 6mm tempered safety glass platform
- Display Type: LED display
- Unit: kg/lb/st
- Power: 4x1.5V AAA batteries
- Product size: 342x310x40 mm
- Capacity: 200 kg
- Material: Full ABS plastic
- Certificate: CE &RoHS
- Feature: Low battery/over load indication

**1**  
Year Warranty\*

\*Terms &amp; Conditions apply

## BABY WEIGHING MACHINE

Product Code : OFWBB5

**Features**

- Power Supply: 2x 1.5V AAA batteries
- Display Type: LCD
- Power: 2x 1.5V AAA batteries
- Product size: 550x330x27mm
- Capacity: 20kg
- Display: Auto on/off, Low battery and Overload indication
- LCD size: 60x21mm
- Feature: Auto Off

\*Terms &amp; Conditions apply

**5 LITRES**

Product Code : MAOXY05 / (AR-5-N)

**Specifications :**

Flow rate	5L/MIN
Concentration	93% ( $\pm 3\%$ )
Power	390VA
Sound Level	<40db
Outlet Pressure	40-70KPa, 7.5 psi
LCD Screen	3.5" Folding
Power failure Alarm	Yes
Over-heat Alarm	Yes
Low Purity Alarm	Yes
Voltage Alarm	Yes
Low Pressure/High Pressure alarm	Yes
Maintenance prompt	Yes
Power On self test and LVD	Yes
Oxygen Purity percentage display	Yes
Designed for 24 hour working	Yes
Net Weight	13.9 kg
Gross Weight	15 kg
Warranty	3years / 15,000 hours

Prompt and Efficient Service

Dual Filtration

Years Warranty\*

EN ISO  
13485:2016

- Flow rate 1-5 LPM, with an increment of 0.5 LPM
- High / Low voltage Alarm Sensors
- PSA (Pressure Swing Adsorption) Technology
- Inbuilt Nebulizer and Timer (10 MIN to 5 HOURS)
- Alarms for Low Oxygen purity, Low pressure, Power Outage and overheating of machine
- Intelligent self-diagnosis system : Malfunction information displayed on LCD display
- HEPA filter and Bacteria filter from Italy. Five-stage filters keeps away most of impurity, bacteria and PM (particulate matter) 2.5 microns.
- Light weight 13.9KG only. Compact, easy to store, transport and install
- Oxygen Purity : 93%( $\pm 3\%$ ) at all flow rates
- Advanced digital flow regulator with an interval of 0.5L/MIN. More accurate than a mechanical flow regulator
- Power On Self-Test and LVD. This conforms with the newest ISO and ensures safety during usage
- Big displacement compressor ensures 30% longer life span, suitable for 24 hours continuous running with service Interval Indicator
- Noise reduction technology  $\leq 40\text{db}$
- Re-settable Circuit breaker
- PAN India Service Network

## 10 LITRES

Product Code : MAOXY10 / (AE-8-S)

**Oxy-med®**  
O<sub>2</sub> for healthy living

- Flow rate 1-10 LPM, with an increment of 0.5 LPM
- Can be used for pediatric also
- Provides a continuous flow of concentrated oxygen (93% ± 3%) from room air through one oxygen outlet at maximum flow of 10 LPM
- PSA (Pressure Swing Adsorption) Technology
- Inbuilt Nebulizer and Timer (10 MIN to 5 HOURS)
- Alarms for Low Oxygen purity, Low pressure, Power Outage, High/Low voltage alarm and defective information is displayed on the screen
- HEPA filter and Bacteria filter from Italy. Five-stage filters keeps away most of impurity, bacteria and PM (particulate matter) 2.5 microns.

### Specifications :

Flow rate	1-10L/MIN
Concentration	93% (± 3%)
Power Consumption	610VA
Sound Level	<60db
Outlet Pressure	100 Kpa ±10% or 14.5 psi±10%
Power failure Alarm	Yes
Over-heat Alarm	Yes
Low Purity Alarm	Yes
Voltage Alarm	Yes
Low Pressure/High Pressure alarm	Yes
Maintenance prompt	Yes
Power On self test and LVD	Yes
Designed for 24 hour working	Yes
Net Weight	24 kg
Gross Weight	26 kg
Warranty	2 years / 12000 hours

Years Warranty\*

Prompt and Efficient Service

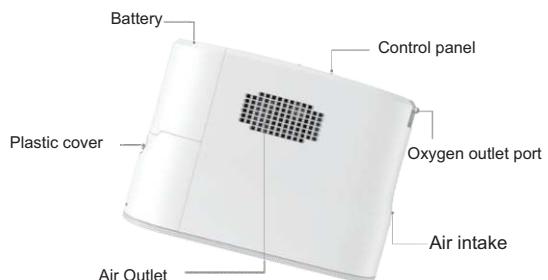

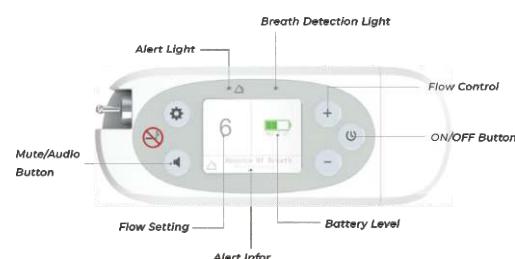

Dual Filtration

#### Low Noise

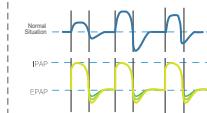

#### High efficiency Blower

Oxymed's Imported high-quality turbine is with 43000bpm speed per minute, provides continuous respiratory power with more robust, efficient and precise pressure.

Oxymed's blower also offers strong air leakage compensation, quick Pressure level response, stable performance and maintain low level noise to not disturb the user's sleep.

#### COMF

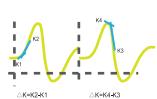

#### Pressure Release Technology

Advanced end expiratory pressure relief function / COMF, is our own patent. COMF pressure relief 1-3 levels helps patient to release or exhale the CO<sub>2</sub> freely. Basically COMF will help to reduce the mask pressure whenever patient wants to exhale.

**Example:** If you are COMF setting is 2 then it reduces around 2 cmH<sub>2</sub>O of pressure at the point of exhalation which makes patient to exhale easily.

#### AST

## SLEEP FAIRY A - 9

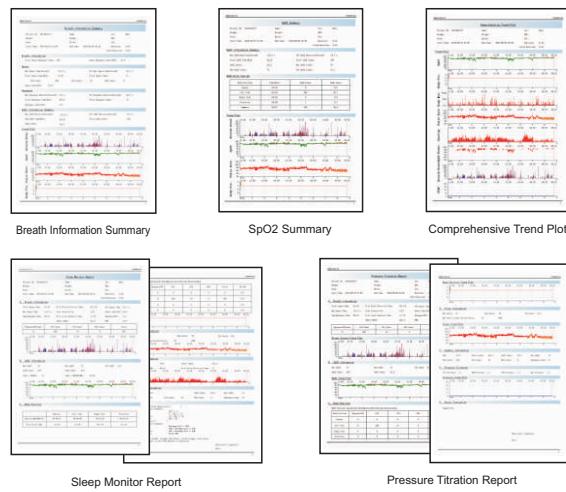

### --- Features ---

- ✓ Advanced high-precision 3D gyroscope technology  
Acquire users' chest and abdomen breathing effect according to 3D gyroscope technology, which do not affect by patients' body position, strong anti-interfere performance and high sensitivity.
- ✓ Smart appearance, only 176g with battery
- ✓ 9 Parameters: SpO2, Pulse, Pulse Waveform, Airflow, Snoring, Chest/Abdomen Movement, Body Position, Body Movement, CPAP Pressure
- ✓ Patented chest & abdomen signal acquisition  
Greatly reduce workload and use cost, more effective and portable.
- ✓ Easy to use  
Quick to learn, high reliability, low maintenance cost.
- ✓ High speed SD card for data record without computer operation system limited  
Easy to extend storage space, supports Windows XP/ 7/ 8/ 10 and 32/64 bit system.
- ✓ Large capacity rechargeable lithium battery  
Economic and environmental, supportable for 30 hours continuously monitoring (over 4 nights).
- ✓ 2.8" color screen  
Real time display of all waveform data, intuitive and efficient.
- ✓ Intelligent analysis software  
Automatically analyze all kinds of breathing events and accuracy is above 95%, very useful for doctors and other related people (coach and nurses etc.).
- ✓ Friendly interface, nice UI graphic design, support for Windows XP/ 7/ 8/ 10 operation system.

Wearing Sketch

- ✓ Multiple sleep monitor reports, facilitate physician know patient's condition, and formulate a reasonable therapeutic schedule

Sleep Monitor Report

Pressure Titration Report

- ✓ Multiple report templates, support WORD/PDF format and customization.

- ✓ Convenient user data management.

- ✓ Original data pages to print.

### Specification

Description	Sleep Fairy-A9
9 Parameters	Airflow, Snoring, SpO2, Chest/Abdomen Movement, Pulse, Pulse Waveform, Body Movement, Body Position, CPAP Pressure
Data Resolution	AD : 12Bit
Data Sampling Rate	50-200Hz
Storage Date	16G, over 16000 hours data
Communication	SD card
SpO2	70% - 100%
Pulse	30 - 240 bpm
Battery	Integrated Rechargeable Lithium Battery, 2500 mAh
Continuous Recording Time	30 hours
Screen	2.8 inch TFT, 320 x 240
Device Net Weight	176g with battery
Gross Weight	0.9Kg
Device Dimensions	125mmL x 80mmW x 24mmH
Carton Size	385mmL x 365W x 160mmH

### Required Departments

# Polysomnography SLEEP FAIRY A - 22

Oxy-med<sup>®</sup>  
O<sub>2</sub> for healthy living

## --- Features ---

### ✓ Simple and Portable

- Small and Light, easy to carry.
- Advanced high-precision 3D gyroscope technology. Without brain tapes for more convenient to wear, and save costs.
- No extra consumables, continuously rechargeable lithium battery.

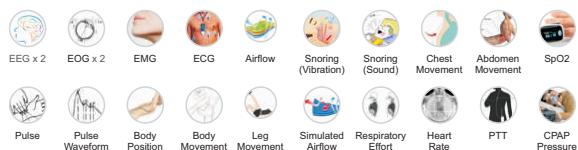

### ✓ Flexible and easy to use

- With wireless transmission function, convenient installation, flexible and stable performance, which reduces the difficulty of using, convenient and precision.
- With good expansibility, low maintenance fee.
- Bluetooth version 4.1, high-speed transmission.
- Continuously rechargeable lithium battery.

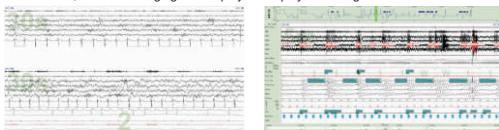

### ✓ Channels: 22 channels

### ✓ Automatic analysis data, high-precision

- Unique with real-time monitoring function, can view the patient's condition in real time and adjust the analysis.
- High-precision computer signals, accurate automatic sleep analysis, the system through the device collected data, automatic staging and display in the playback image.

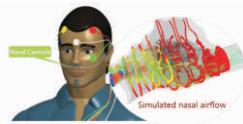

Our device analysis time  
**5-10 minutes**

Traditional device analysis time  
**2 hours**

### ✓ Simulated nasal airflow

- The nose airflow simulation technology is used to automatically delete invalid information. With powerful automatic analysis function to make the data more accurate and reliable. Humanized operation design completely meets the hospital clinical demands.

### ✓ Excellent signal quality

- Using electrode slices and improving EEG signal, flexible and convenient.

### ✓ Separated design: Independent use the host (Sleep Fairy-A9)

### ✓ Healthy and comfortable

## Specification

**22 Channels:** EEG (2 channels), ECG, EMG, EOG (2 channels), Heart Beat, PTT(Pulse transfer time), Respiratory effort, SpO2, Snoring(Vibration), Snoring(Sound), Airflow, Simulated airflow, Pulse Rate, Pulse Waveform, Chest Movement, Abdomen Movement, Leg Movement, Body position, Body movement, CPAP pressure, Body position, Body movement, CPAP pressure.

Description	PSG Sleep Fairy A-22
EEG	EEG CMRR≥110dB; Impedance: ≥20MΩ; Noise Level (convert to input end): ≤1.8uV p-p; Operating Frequency Range: 0.1-50Hz; AD Accuracy 12bits; Acquisition Frequency 2048Hz.
EOG	EOG CMRR≥110dB; Impedance: ≥20MΩ; Noise Level (convert to input end): ≤1.8uV p-p; Operating Frequency Range: 0.1-50Hz; AD Accuracy 12bits; Acquisition Frequency 2048Hz.
EMG	EMG CMRR≥110dB; Impedance: ≥20MΩ; Noise Level (convert to input end): ≤1.8uV p-p; Operating Frequency Range: 0.5-30Hz; AD Accuracy 12bits; Acquisition Frequency 2048Hz.
ECG	ECG CMRR≥85dB; Impedance: ≥10MΩ; Noise Level (convert to input end): ≤20uV p-p; Heart Rate Range: 25-250 bits/min; AD Accuracy 12bits; Acquisition Frequency 2048Hz.
SpO2	80%-100%, tolerance≤2%. 70%-79%, tolerance≤3%.
Pulse	Pulse: 30 bpm-240 bpm, tolerance≤2 bpm.
Respiratory Airflow	Respiratory Airflow: high sensitivity pressure sensor, frequency range: 5-60 bits/min; tolerance≤±2 bits/min.
Chest and abdomen movement	Chest and abdomen movement: 3D sensor, tolerance≤±2 bits/min.
Leg movement	Leg movement: 3D sensor, tolerance≤±2 bits/min.
Snoring	Snoring: sensor built into the bioelectricity box.

## Smartphone ECG Device

Check Your Heart Everywhere

World's first 8/12 lead ECG device, specifically designed for smartphone and tablet application, is simple to use, clinically reliable, portable and affordable.

It allows anyone to perform a hospital grade ECG in total autonomy and to send the results to the 24/7 telecardiology service provided by D-Heart, or to your trusted doctor.

reddot design award  
winner 2018

ADI DESIGN INDEX 2018  
Premio per l'Innovazione

MADE IN ITALY

## Smartphone ECG Device

Check Your Heart Everywhere

**PERFORM A PERFECT 8/12  
LEAD ECG ANYWHERE  
USING D-HEART**

### Four Easy Steps

- 1 Connect the device with Bluetooth
- 2 Place D-Heart on your chest
- 3 The app will guide you to make the ECG
- 4 Get immediate feedback from a cardiologist

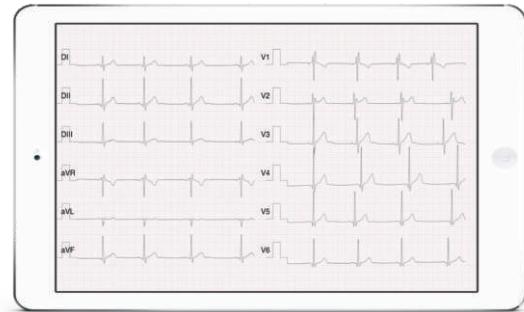

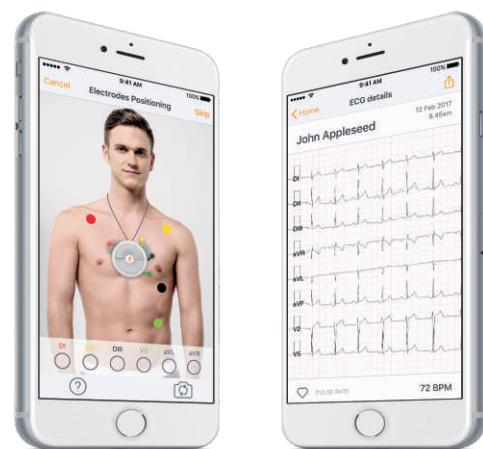

### Check your heart everywhere

Have you ever had an episode of tachycardia or arrhythmia? Would you like to reliably monitor your heart health? D-Heart is the first smartphone-based electrocardiograph that is easy to use and as reliable as hospital medical equipment.

Perform a perfect ECG with D-Heart on your smartphone and share it with your trusted cardiologist or a telecardiology service for a report.

### D-Heart Features

- Portable
- Designed for all users, no medical background needed
- As clinically reliable as a hospital electrocardiograph
- Certified system to get a perfect ECG

In-app guide on how to perform an ECG

Telecardiology service available 24/7

Real-time ECG streaming via Bluetooth

Wirelessly charge the device in its case

As precise and reliable as an hospital ECG

Designed and manufactured in Italy

### Product Contents

Portable 8/12 lead ECG device

## FULL FACE MASK

Product Code : MTFFM01

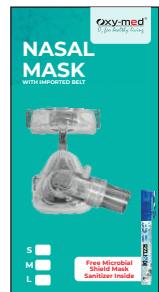

Available  
in 3 sizes

S | M | L

- The mask covers the nose and mouth
- Mask is odour free and easy to clean
- The mask is designed in such a way that:
  - it creates a leakproof seal across all pressures
  - it can resist the pressure up to 40 hPa
- It has comfortable headgear that is connected to the mask at four points to provide maximum stability.
- The mask comes with a crown strap that improves the stability of the mask
- The straps of headgear are placed in such way that they cause minimum vision hindrance
- The swivel elbow connector provides easy and smooth rotation of the pipe. It reduces the torque between the user and the mask
- The mask consists of soft silicone seal that fits the facial contour comfortably and reduces the chances of leakage

## NASAL MASK

Product Code : MTNSM01

Available  
in 3 sizes

S | M | L

- The mask covers the nose
- Mask is odour free and easy to clean
- The mask is designed in such a way that:
  - it creates a leakproof seal across all pressures

- The swivel elbow connector provides easy and smooth rotation of the pipe. It reduces the torque between the user and the mask
- The mask consists of soft silicone seal that fits the facial contour comfortably and reduces the chances of leakage

## SOFT BODY CLEANSING WIPES

Product Code : MCWWP01

**10**  
Large Wipes

Size : 24 x 30 cm  
30 x 32 cm

Antibacterial

Alcohol Free

Skin Friendly

Paraben Free

Soothing Fragrance

Clinically Proven

## OXYGEN ANALYZER PREMIUM

Product Code : MPM-1

Measurement item	Measurement Range	Measurement resolution	Measurement Accuracy
Oxygen Purity	30%-96%	0.1%	+3%
Flow	1-10L/min	0.1L/min	+0.2L/min(1-2L) +0.3L/min(1-10L)
Pressure	0-3 bar	1 kPa/0.1bar/0.1psi	+2%FS
Power Supply			One 9V battery
Measurement Current			33mA
Standby current			13uA
Operating Temperature			5-350C
Storage Temperature			-15-600V
Dimensions			145x66x48(mm)
Weight			115(g)

Monitors 3 parameters - Oxygen Respiratory, Compressor pressure and flow

## ULTRASONIC OXYGEN ANALYZER

Product Code : OPM-1

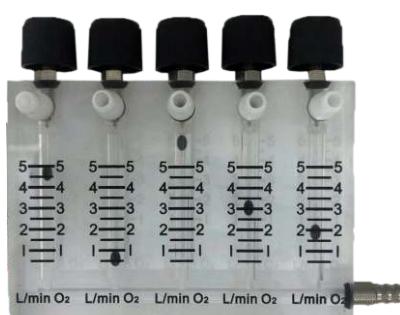

Measurement item	Measurement Range	Measurement resolution	Measurement Accuracy
Oxygen Purity	21%-96%	0.1%	+3%
Flow	1-10L/min	0.1L/min	+0.2L/min (5% of full range)
Pressure	0-199Kpa	1 kPa	+1%FS
Power Supply			One 9V battery
Operating Temperature			5-550C
Storage Temperature			-15-600V
Dimensions			175mm x 92mm x 35 mm
Weight			280g

Monitors 3 parameters - Oxygen Respiratory, Compressor pressure and flow

## MULTI FLOW METER

Product Code : BF01

- Total number of Patients which can connected simultaneously - 5
- 5 Litre can be divided amongst 5 patients with a flow of 1 LPM per patient
- There are 5 flow meters which can function individually.
- Input Flow of oxygen is divided amongst the flow meters and can be limited to 0,5LPM upto 5 LPM.
- Additional precautions need to be taken when using for pediatric use.

**MINI / ECO MACHINE ACCESSORIES**

Product Code : MAOXY05 / MCOXY05 / MCOXY10

Humidifier Bottle

Product Code : HBM01

Humidifier Bottle

Product Code : HBM02
